GROWERS OF TREES, SHRUBS & PLANTS,

TELEPHONE 35-J PIERMONT

SPARKILL, N. Y.,

Last Fall we addressed you as a former customer of Clucas and Boddington Co. and sent you a special offer on Hardy Plants, Shrubs and Bulbs.

As the time for spring planting will soon be here you may be needing plants for the garden.

This is intended to remind you that you can buy the same high class goods at the same favorable rates and expect the same generous treatment as formerly and as you may have mislaid our catalogue sent you in the fall we will cheerfully send you another on request, or if you have friends who contemplate planting "the goods we grow" we would be pleased to have their address for the purpose of mailing them our prices.

If you are interested in Hardy Perennials don't fail to read the enclosed special offer of same.

Awaiting your valued orders,

Very truly yours,

PALISADES NURSERIES.

SPRING 1907

Hardy Perennials or Old Fashioned Flowers

THE KIND OUR
GRANDMOTHERS GREW

SPECIAL OFFER OF
THE PALISADES NURSERIES, SPARKILL, N. Y.
GROWERS OF HARDY PLANTS

AS it ever brought to your notice how inexpensive it is to acquire a permanent flower garden that will last for generations, returning year after year like old friends after being once planted?

After dreary winter is past how fondly we look forward to seeing old associates of spring and summer-time, who call annually without ceremony of digging or planting!

There are few things that call to mind more vividly pleasant recollections of our early life than the sight or odor of a simple flower, loved perhaps by some dear relative or friend, and what would be a more suitable remembrance than to plant such a one so that it may be called his or hers for time to come?

We give on the other side of this circular a list of eighty-five kinds with botanical and familiar names, with some of which you may have a fellow-feeling, and if planted in the least conspicuous corner or border they will make it the most interesting part of the garden.

TO ENCOURAGE THEIR USE WE ARE MAKING THIS SPECIAL OFFER

You may select from one to one thousand in any assortment (or we will make a selection for you) at the prices named below, and we deliver without further expense to your express or post office (our option) strong plants of varieties given on other side of this circular. When a preference for certain varieties of the kinds named is given we will try to comply, otherwise our selection will be sent.

PRICES at which we will deliver, express and postage paid, strong plants of the varieties named on other side:

Any 1 plant for 15c.	Any 25 plants for \$2.25	Any 250 plants for \$15.00
" 5 " " 60c.	" 50 " " 4.00	" 500 " " 27.50
" 10 " " \$1.00	" 100 " " 7.00	" 1000 " " 50.00

WHEN ORDERING REFER TO THIS SPECIAL OFFER AS XXX

GROWERS OF TREES, SHRUBS & PLANTS,

TELEPHONE 35-J PIERMONT

SPARKILL, N. Y., March 1st 1906

Having recently purchased from Frank H. Henry, Assignee, all the assets of the Clucas & Boddington Co., I have had prepared a list of the stock in quantity upon the Nurseries.

With a few other firms I am sending you a copy, hoping that you will look same over carefully, and let me know promptly if I may reserve for you, any quantity of the stock named therein.

The stock has all been carefully grown, separated, and correctly labelled by experienced men, and can be relied upon, being true to name, unmixed, and in healthy condition.

Prices are quoted F.O.B. Sparkill, less 5% for cash in 10 days, or 30 days net. Packing at cost.

As most of the plants are field grown, they cannot be shipped before the ground opens. Orders will be filled strictly in rotation, and as we anticipate quick disposal of Surplus quantities, we hope you will favor us with your orders early.

Yours truly

PALISADES NURSERIES.

P. S.—A copy of your price list and special offers would be acceptable.
